Project Description

We at eGlu always strive to provide our customers with the best-in-class, highly innovative and comprehensive automation solutions that are reliable, robust and scalable for your home. Our engineered smart solutions revolve around three core components - our hardware products, a cloud based server and our mobile app. The scope of this proposal includes se ing up an automation system that manages and monitors (remote access via Android and iOs devices) all the discussed electric and electronic devices at your home along with access to the historical data analysis of these devices.

HUB PLUS

Serial No	Item	Description	Qty	Unit Price	Billing Price
1	eGlu Hub Plus	eGlu HUB Plus acts as a communication gateway between all the eGlu devices installed at home and your Wi-Fi router. It is a pluggable device and draws power from the AC wall outlet. A push bu on provided on the HUB can be used to re-con gure the HUB if the Wi-Fi se ings of your router are changed.	1	₹ 19074.00	₹ 19074

FOYER

Serial No	Item	Description	Qty	Unit Price	Billing Price
1	Door Sensor	Door Sensor helps in monitoring the opening and closing of the doors and windows. It also provides the real time state of the door/window on which it is installed. Apart from sensing doors, it can also be used as a presence sensor or a remote bu on.	1	₹ 6354.00	₹ 6354
2	Lock Module	eGlu Lock Module is designed to remotely operate your electronic door locks. Please check with the lock manufacturer, if their lock is compatible with eGlu Lock Module. LM can be directly installed in the lock. LM supports all the features supported by the lock to be con gured and modi ed remotely, apart from basic opening and closing of the lock.	1	₹ 7331.00	₹ 7331
3	DALI Tunable Driver 50W	Clazmo Tunable DALI Driver is a high performance DT8 driver capable of 0.1% dimming.The power output of the driver is programmable and can support luminaires with power up to 50 wa s. It can also be used with luminaires which do not support colour temperature change.	1	₹ 7353.00	₹ 7353
4	SCB SQR-Metallic Gray	Scene Controller Switch (Square Metal Bu ons) with four controls in Metallic Gray colour. Unibody CNC milled aluminium frame with brushed aluminium nish, laser cut light guide and dual colour illumination.	1	₹ 20039.00	₹ 20039

LIVING

Serial No	Item	Description	Qty	Unit Price	Billing Price
1	DALI Tunable Driver 50W	Clazmo Tunable DALI Driver is a high performance DT8 driver capable of 0.1% dimming.The power output of the driver is programmable and can support luminaires with power up to 50 wa s. It can also be used with luminaires which do not support colour temperature change.	1	₹ 7353.00	₹ 7353
2	IWS - 3S	In-wall Switch Triple Module IWS-3S) allows automation of regular lights, power sockets and fans. IWS-3S comes with three switches of 6A rating. It is installed behind the existing switch plate and works in parallel with the mechanical switches.	1	₹ 10753.00	₹ 10753
3	SCB SQR-Metallic Gray	Scene Controller Switch (Square Metal Bu ons) with four controls in Metallic Gray colour. Unibody CNC milled aluminium frame with brushed aluminium nish, laser cut light guide and dual colour illumination.	1	₹ 20039.00	₹ 20039

DALI CONTROLLER

Serial No	Item	Description	Qty	Unit Price	Billing Price
1	Dali Controller - Stan d alo n e	Dali Controller can detect, address and control up to eight DALI LED drivers DT6 and DT8 on a DALI bus. The controller has an in-built DALI power supply to support the drivers on the bus. Multiple DALI controllers can be installed under an eGlu HUB and the lights across them can be congured and controlled seamlessly using the eGlu APP.	1	₹ 23800.00	₹ 23800

SECURITY INTEGRATION

Serial No	Item	Description	Qty	Unit Price	Billing Price
1	Multi Sensor Controller	Multi Sensor Controller is designed to interface with third-party sensors like glass break sensor, smoke detector, gas leak detector etc. The only requirement is that these sensors should have an NO/NC output. MSC can connect with up to three sensors. It can also directly control a 12V hooter, making it a complete interface to security solutions.	2	₹ 6354.00	₹ 12708

GATE AUTOMATION

Serial No	Item	Description	Qty	Unit Price	Billing Price
1	Gate Controller DC	Gate Controller DC lets you control your motorized main gate. The controller is connected in parallel to the existing wired remote controller of the gate which typically has three bu ons for open, close and stop functions.	1	₹ 10753.00	₹ 10753

EXTERNAL LIGHTS

Serial No	Item	Description	Qty	Unit Price	Billing Price
1	IWS - 3S	In-wall Switch Triple Module IWS-3S) allows automation of regular lights, power sockets and fans. IWS-3S comes with three switches of 6A rating. It is installed behind the existing switch plate and works in parallel with the mechanical switches.	1	₹ 10753.00	₹ 10753

Installation Charges

Description	Billing Price
Con guration of cloud server & Module	₹ 35222

Payment Terms

1. 25% - Upon order booking.
2. 50% - Upon marking automation points and provisions at the site and providing the wiring drawing.
3. 75% - Upon completion of range mapping and testing at the site, including verification of electrical components (wiring, switch-boxes, lights) and automation provisions.
4. 100% - For despatch of materials

Pricing Terms

Prices are inclusive of all applicable taxes.

Cancellation Policy

The advance amount paid upon order booking will be refunded if the order is cancelled within 3 days of making the advance payment.

Terms & Conditions

Thank you for your interest in eGlu Smart Homes. We hope the shared proposal is in line with your requirements, and we look forward to your earliest order confirmation. Listed below are the terms and conditions applicable to the above detailed proposal.

Prices

The Prices quoted are in Indian Rupees (INR). All prices are inclusive of all applicable Taxes.

Validity

This proposal is valid for acceptance for 15 days from the date of the proposal.

Installation

This proposal does not include cost for additional wiring, alterations and other requirements that may be needed at the time of installation.

Mobile application

The mobile app is free and can be installed on an unlimited number of devices.

Technical support

You can reach us at **1800 202 6995** and **080-68494214** OR mail us at **support@myeglu.com**

Warranty

The products mentioned in this proposal come with a limited two year warranty. The customer has the option to extend the warranty of the products towards the end of the current warranty period. Post purchase, a free one year site support is available.

1. Damage or defect caused by transportation. accident, misuse, lack of maintenance, improper usage, or negligence on the part of the Customer
2. Wilful damage or negligence, normal wear and tear
3. Damage or defect caused by fire, earthquake, flood, or other natural disasters
4. Damage or defect caused by alteration, modification, conversion not authorized by Company in writing
5. Repairs carried out by personnel other than Company's authorized personnel
6. Defects or damages due to any other external means or causes. Any damage to the system due to power fluctuation, surges, under-voltage conditions are not covered under warranty
7. No warranty is offered on any third-party products used in the project

Recommendations

We highly recommend the following best practices to be followed

1. Use clean and stable power supply for the control system, by mandatorily using a stabilizer or UPS for control system and the same shall be provided/sourced by the customer
2. Use stable Wi-Fi connection/ good quality routers for seamless network performance
3. Use good quality standard dimmable drivers/ballast for lighting control
4. Ensure the site is ready as per the site readiness guidelines, before the start of installation

Product Delivery

Product delivery

Within 15 days from receipt of the Purchase Order and advance payment

Installation commissioning and execution

This will depend on project size and availability of site readiness. However, we assure minimum turnaround time
